

Patient and Public Engagement Record 2018-19

Area of work:	Date of work:
Shared Lives	09/08/2018
Brief description of area of work:	
The Joint Commissioning team, working together with the Shared Lives team, were tasked with reviewing the Shared Lives concept and looking to see if there are any opportunities for development.	
Engagement target audience and numbers involved:	
The target audience consisted of people who had experience of either working in Shared Lives or people who had utilised the service at any point. We gathered 23 responses in total.	
What was discussed and what was the feedback from the target audience (please attach reports, surveys etc):	
 Shared Lives data.csv The data attached shows all the set questions and individual responses.	
How was the information and feedback used (eg model development, policy development, feedback on experience to change practice etc):	
The information was used to provide scope within the initial workshop as to how the concept is perceived by those who have come into contact with it. It will ultimately feed into the overall conceptual work in developing the provision.	
How was feedback given to the target audience:	
The survey was anonymous and no feedback has been given yet.
